

## BLUE SHADED SILVER

Breed No: 55a

### General Type Standard

**Head and Ears** – Head broad and round, with breadth between ears, which should be small and well furnished; wide at the muzzle; snub nose.

**Eyes** – Large, round and most expressive, emerald or blue-green in colour.

**Body and Legs** – Cobby body; short thick legs.

**Tail** – Short and bushy.

**Coat and Condition** – Coat long and dense; silk and fine in texture; extra long on frill.

**Colour** – Undercoat pure white with blue tipping shading down from back to the flanks and lighter on the face and legs. Face and top side of tail must be tipped. Chin, chest, stomach, inside of the legs and underside of the tail must be pure white. The general effect to be a much darker cat than the Chinchilla. The tipping can be one-third of the complete hair length and must be as even as possible. Hair on the foot-pad to the joint may be shaded to black. Legs to be the same tone as the face. Nose leather old rose. Rims of eyes, lips and nose must be outlined with blue. Paw pads blue or rose.

No barring on the legs is permissible. No tabby markings, nor brown or cream tinge are permissible.
